***(List additional teens on the back)***

Please initial next to each item below to indicate understanding:

\_\_\_\_ We understand that a key fob must be used to enter the pool area at ALL times. Jumping the fence, propping the gate open, or letting in people who do not have a key fob is not allowed EVER.

*Please initial all that apply:*

\_\_\_\_ My teen is 14-15 years old, and we understand that he/she is not allowed to bring any guests. (A guest is considered another person (child) that is either not a resident of the Mill and/or a resident that does not have an active key fob.)

\_\_\_\_ My teen is 16-18 years old, and we understand that he/she is allowed to bring ONE guest only. Guests must abide by all pool rules. Teens bringing guests should be prepared to show a picture ID to verify age and address.

\_\_\_\_ We understand that no one under the age of 14 is allowed at the pool without a responsible adult. If your teen age 14 or older will be bringing younger siblings, please note names and ages of siblings on the back of this form. There is no lifeguard on duty, so please make sure your teen is prepared to adequately supervise younger siblings. If the attendant feels siblings are not being adequately supervised, they will be asked to leave.

***I have reviewed the pool rules listed at <http://www.myersmill.com/pool/pool-rules/> with my teen and we both understand that violations of these rules may result in suspension of pool privileges for the entire household. Anyone asked to leave the pool area who refuses to leave will be considered to be trespassing and Dorchesters Sheriff's Office will be called to remove them.***
